April is Autism Acceptance Month!

To better serve our community's unique population of children with ASD, the Children's with Disabilities team will host informational trainings during the month of April!

These workshops will provide you with a better understanding of autism and equip you with techniques and strategies to help reduce challenging behaviors and improve adaptive functioning for the children with ASD whom you serve.

Did you know...

The most recent information from the Center for Disease Control and Prevention (CDC) published March 2023 indicates an estimated 1 in 36 children in the United States today are diagnosed with Autism Spectrum Disorder (ASD).

Join us for a Lunch & Learn this month!

Bring your own lunch.

All sessions are virtual!
